Covered utilities: These policies pertain to electricity customers who receive their service from an investor-owned utility in the State of Mississippi. Customers that receive service from a municipal utility or an electric cooperative are not covered by these policies.

39 Miss. Admin. Code Pt. III, Sub pt. 1, R. 01; Miss. Code Ann. § 77-3-3; Miss. Code Ann. § 77-3-1; Miss. Code Ann. § 77-3-5

Weather Protections

Service cannot be disconnected from December 1st through March 1st if the customer has provided a written statement, signed by a licensed physician, certifying that discontinuance of the customer's heating service would create a medical emergency for a member of the customer's household. Customer must then agree to a levelized billing payment agreement no later than April 1st to continue service.

Service cannot be disconnected if a Freeze Warning or an Excessive Heat Warning has been issued as of 8:00 am on the day of disconnection by the National Weather Service in the county of the disconnection.

39 Miss. Admin. Code Pt. III, Subpt. 1, R. 8

Medical Protections

Disconnections will be delayed for 60 days (or 4 months if during the winter period) if the customer provides certification that discontinuance of service would create a life-threatening situation for the customer or other permanent resident of the customer's household. Medical certificates may be issued by a medical doctor licensed to practice in the State of Mississippi or any adjoining state.

Customers will enter into a payment agreement if this protection is applied during the winter.
