Indiana

Last updated: March 9, 2026

Covered utilities: These policies pertain to customers who receive their electric or gas service from an investor-owned utility, a municipal utility, or a cooperative in the State of Indiana.

IC 8-1-13-18.5; IC 8-1-2-1; 170 IAC 4-1-2; IC 8-1-2-121

Weather Protections

Customers may not be disconnected from their electric or gas utility service from December 1 to March 15 if they are receiving or are eligible and have applied for assistance under IC 4-4-33. IC 4-4-33-1, which includes:

- Assistance under the Housing Assistance Act of 1937; Community service programs such as the Community Services Block Grant; Home energy assistance programs, such as the Low-Income Home Energy Assistance Block Grant; Weatherization programs; Migrant and farm worker programs; Emergency shelter grant programs; and Shelter plus care programs.

On any day for which a local weather forecast office of the National Weather Service has forecast, not earlier than 48 hours in advance, a heat index of at least 95 degrees Fahrenheit for a county or part of a county within the electric utility's assigned service area under IC 8-1-2.3, the electric utility may not terminate residential electric service for customers who:

- Receive electric service from the electric utility at a location to which the forecast heat index applies; and
- Are eligible for and have applied for assistance under a heating assistance program administered under IC 4-4-33 during the calendar year in which the forecast is made.

170 IAC 4-1-16.6; IC 4-4-33-1; IC 8-1-2-121

Medical Protections

Disconnections will be delayed initially for up to 10 days if service discontinuance would be a serious and immediate threat to the health or safety of a designated person in the household of the customer. Customers can renew this protection one time. Medical certificates may be issued by a licensed physician or public health official.

170 IAC 4-1-16

Other Customer Protections

There are no specific protections for households with children, elderly residents, individuals with disabilities, or military personnel.

General Exemptions

Customers and utilities cannot request an exemption from the rules for reasons of hardship.

Notification Requirements

Written notification of at least 14 days is required from a utility before a customer may be disconnected. In-person or telephone notifications are not required, and a utility is not required to delay a disconnection if it is unable to reach a customer by a telephone call or an in-person visit.

170 IAC 4-1-16

Payment Information, Delinquency, and Fee Information

Customers have 17 days to pay their bills, which will become delinquent after this period.

There are no minimum arrearages before a utility may disconnect a customer.

Customer may be charged fees associated with a disconnection or a reconnection.

Utilities may provide customers with payment plans.

170 IAC 4-1-13; 170 IAC 4-1-16; 170 IAC 4-1-18

Landlords and Tenants

No specific protections for tenants when the landlord of a housing unit is the account holder.

Availability of Protection Policies

Utilities must publish and distribute to all customers a comprehensive pamphlet on the rights for their customers. Residential bills issued by electric suppliers after June 30, 2026, must include a notice that informs customers about low-income customer assistance programs for eligible customers and contact information to use for information on how to apply for assistance under the program.

No later than June 1, 2026, an electric or gas utility must post on the utility’s website a notice that informs customers of the relief available to eligible customers under subsection (c) and
